Description: Ready to use kitchen cleaner/ degreaser/ sanitiser (BS EN 1276 approved)  
Pack Size(s): 3x750ml  
Pallet Size(s): 200  
Product Code(s): A88399

### HOW TO USE

Brakes Bactericidal Cleaner is used directly from the bottle as a ready to go solution and requires no dilution with water.

It is suitable for a variety of sanitising tasks in food handling areas and can be used safely on all stainless steel surfaces, food processing equipment, worktops, storage areas and utensils.

- Remove gross debris and spray onto surface or equipment.
- Depending on the degree of soiling allow sufficient contact time.
- Agitate heavily soiled areas if necessary, then wipe away with a clean cloth or absorbent paper to leave a fresh clean surface.
- Where there is a risk of cross-contamination, a two-stage cleaning and disinfection process is best practice.

**Cross-Contamination Prevention:** We recommend a two stage process as best practice.

**Stage 1 Cleaning:**

Remove food debris then spray directly onto the surface or equipment and allow sufficient time for the product to penetrate the soiling, agitating heavily soiled areas if necessary. Rinse with fresh clean water or wipe down with a clean damp cloth.

**Stage 2 Sanitising:**

Spray directly onto the pre-cleaned surface, ensuring an even coverage. Allow a minimum of 30 seconds contact time before rinsing the surface with fresh clean water or wiping with a clean damp cloth. Allow to air-dry or dry the surface with a separate clean dry cloth

**SAFETY ADVICE**

**DANGER** Causes serious eye damage. Causes skin irritation. Wear protective gloves and eye protection. IF ON SKIN: Wash with plenty of soap and water. If skin irritation occurs: Get medical advice/attention. IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses if present and easy to do. Continue rinsing. Immediately call a POISON CENTER or doctor.

**For further detailed information on this product please refer to the Safety Data Sheet.**

**FOR PROFESSIONAL USE ONLY**

**COSHH STATEMENT**

COSHH is a law that requires all employers to take steps to control substances (chemicals) that may cause harm to employees, contractors and visitors to the workplace. Every work environment will be different in terms of the hazardous chemicals that are present, and how these are used, and individual assessments may be necessary to consider how chemicals can be handled and stored safely, in addition to ensuring that appropriate PPE and training is provided for employees. Product SDS and Product Guidance Sheets are intended to help when carrying out a COSHH assessment, however if further advice is needed with regard to specific issues in your work environment we are happy to provide advice. **E-Mail Technical:** [technical.solutions@rpadam.co.uk](mailto:technical.solutions@rpadam.co.uk)
