## PRODUCT GUIDANCE SHEET

### BRAKES TOILET CLEANER

A powerful phosphoric acid toilet and urinal cleaner/descaler used daily to safely clean, deodorise and descale both ceramic and stainless steel toilet surfaces. The green viscous liquid descaler clings to sanitary ware surfaces to improve cleaning action.

Product Name: BRAKES TOILET CLEANER  
Description: Ready to use toilet cleaner and descaler  
Pack Size(s): 3x750ml  
Pallet Size(s): 200  
Product Code(s): A88404

### HOW TO USE

Brakes Toilet Cleaner is used directly from the bottle as a ready to go solution and requires no dilution with water. Suitable for daily washroom cleaning of toilets, urinals and other sanitary ware.

**Step 1:** Before use, flush toilet to remove all debris and allow the water to settle. Using a toilet brush, force some of the water in the bowl around the U-bend by digging the brush up and down in the water. This will allow the product contact time with any mineral salts/scale at the water level.

**Step 2:** Direct the product up under the rim and allow it to run down the inside of the toilet bowl. Leave for 2-3 minutes. Complete the remainder of the surrounding area cleaning tasks. Finally, scrub the toilet bowl with a toilet brush to remove any stubborn scale or soiling and flush toilet with brush in water to remove any product left in pan or on the brush.

Brakes Toilet Cleaner should be applied to toilets before tackling other cleaning tasks in the toilet area to maximise contact time. Allow suitable contact time to descale heavily soiled toilets.

Do not squirt the product directly into the toilet bowl water as you will drastically dilute the product thus rendering the performance totally ineffective.

**Caution: Never use this product in conjunction with a chlorine based (bleach) product. It will produce chlorine gases which can be fatal if inhaled.**

## **SAFETY ADVICE**

**WARNING** Causes skin irritation. Causes serious eye irritation. Wear protective gloves and eye protection. IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses if present and easy to do. Continue rinsing. If eye irritation persists get medical advice. IF ON SKIN: Wash with plenty of soap and water. If skin irritation occurs: Get medical advice

**For further detailed information on this product please refer to the Safety Data Sheet.**

**FOR PROFESSIONAL USE ONLY**

### **COSHH STATEMENT**

COSHH is a law that requires all employers to take steps to control substances (chemicals) that may cause harm to employees, contractors and visitors to the workplace. Every work environment will be different in terms of the hazardous chemicals that are present, and how these are used, and individual assessments may be necessary to consider how chemicals can be handled and stored safely, in addition to ensuring that appropriate PPE and training is provided for employees. Product SDS and Product Guidance Sheets are intended to help when carrying out a COSHH assessment, however if further advice is needed with regard to specific issues in your work environment we are happy to provide advice. **E-Mail Technical:** [technical.solutions@rpadam.co.uk](mailto:technical.solutions@rpadam.co.uk)
