PRODUCT GUIDANCE SHEET

BRAKES BATHROOM CLEANER

A perfumed multi-surface and washroom cleaner for all damp wipe applications in education, retail catering, hospitality, building services and leisure sectors. Contains a pleasant lingering perfume and uses specialised surfactants to tackle grease, grime, body fats and finger marks on every day surfaces.

Product Name: BRAKES BATHROOM CLEANER
Description: Ready to use perfumed multi-purpose cleaner
Pack Size(s): 3x750ml
Pallet Size(s): 200
Product Code(s): A88402

HOW TO USE

Brakes Bathroom Cleaner is used directly from the bottle as a ready to go solution and requires no dilution with water. Suitable for a wide variety of cleaning operations in washrooms, housekeeping, leisure and building services applications. Suitable on floors, walls, toilets, showers, tables and all other hard surfaces the formulation cleans effortlessly without smearing.

Clean-As-You-Go Hygiene

Remove gross debris. Spray directly onto the surface or equipment. Depending on the degree of soiling allow sufficient time for the product to penetrate the soil. Agitate heavily soiled areas if necessary, then simply wipe away with a clean cloth or absorbent paper to leave a fresh clean surface.

Caution:

Care should be taken not to use Brakes Bathroom in conjunction with a furniture polish especially on non-porous table-tops or laminate surfaces. By using both types of product it can lead to a chemical residue build up. Either use one or the other.

SAFETY ADVICE

WARNING Causes serious eye irritation. Wear protective gloves and eye protection. IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses if present and easy to do. Continue rinsing. If eye irritation persists get medical attention.

For further detailed information on this product please refer to the Safety Data Sheet.

FOR PROFESSIONAL USE ONLY

COSHH STATEMENT

COSHH is a law that requires all employers to take steps to control substances (chemicals) that may cause harm to employees, contractors and visitors to the workplace. Every work environment will be different in terms of the hazardous chemicals that are present, and how these are used, and individual assessments may be necessary to consider how chemicals can be handled and stored safely, in addition to ensuring that appropriate PPE and training is provided for employees. Product SDS and Product Guidance Sheets are intended to help when carrying out a COSHH assessment, however if further advice is needed with regard to specific issues in your work environment we are happy to provide advice. **E-Mail Technical:** technical.solutions@rpadam.co.uk
