PRODUCT GUIDANCE SHEET

BRAKES CONCENTRATED MULTI PURPOSE CLEANER

A versatile formulation that cleans most types of floors, walls, table-tops and sanitary surfaces, leaving a pleasant fragrance. It is used for a wide variety of spray/wipe cleaning tasks for housekeeping and building services applications. It is non-biocidal and therefore suitable for domestic cleaning in hospitals. It removes ingrained grime from vinyl and safety flooring and can be used as a maintainer on laminate, sealed and polished wooden floors. When used with a buffing pad it produces a perfect satin finish.

Product Name: BRAKES CONCENTRATED MULTI PURPOSE CLEANER
Description: Concentrated perfumed floor and hard surface cleaner
Pack Size(s): 2X5Ltr
Pallet Size(s): 80
Product Code(s): A16088
Trigger Bottle: A16235

HOW TO USE

It must be diluted correctly with water to prepare effective cleaning solutions. Product is dispensed via a standard 5lt pelican pump.

Bottle cleaning solutions:

Dilute with 1/2 plunges of a 5lt pelican per 750ml labelled trigger spray. Remove gross debris and spray onto surface or equipment. Depending on the degree of soiling allow sufficient contact time. Agitate heavily soiled areas if necessary, then wipe away with a clean cloth or absorbent paper to leave a fresh clean surface.

Bucket cleaning solutions:

Depending on the volume capacity of the mopping system being used dilute with 2/3 plunges of dispenser for 3lt to 8lt, and 5 plunges per 12lt bucket capacity.

Approved by the Altro Flooring Evaporation Test and is therefore likely to be safe to use on all similar types of safety flooring at the stated dilutions to prevent staining, chemical/surface damage or colour loss.

Clean-As-You-Go Hygiene

Remove gross debris. Spray directly onto the surface or equipment. Depending on the degree of soiling allow sufficient time for the product to penetrate the soil. Agitate heavily soiled areas if necessary, then simply wipe away with a clean cloth or absorbent paper to leave a fresh clean surface.

The product is a concentrate designed for economy in use, so follow the recommended dilution rates as over concentration of chemical may cause smearing on surfaces or leave them tacky. If this happens wipe down with a damp cloth or mop with cold clean water.

SAFETY ADVICE

WARNING Causes serious eye irritation. Wear protective gloves and eye protection IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses if present and easy to do. Continue rinsing. If eye irritation persists, get medical attention.

For further detailed information on this product please refer to the Safety Data Sheet.

FOR PROFESSIONAL USE ONLY

COSHH STATEMENT

COSHH is a law that requires all employers to take steps to control substances (chemicals) that may cause harm to employees, contractors and visitors to the workplace. Every work environment will be different in terms of the hazardous chemicals that are present, and how these are used, and individual assessments may be necessary to consider how chemicals can be handled and stored safely, in addition to ensuring that appropriate PPE and training is provided for employees. Product SDS and Product Guidance Sheets are intended to help when carrying out a COSHH assessment, however if further advice is needed with regard to specific issues in your work environment we are happy to provide advice. **E-Mail Technical:** technical.solutions@rpadam.co.uk
